

### Debbie Lander

Administrative Associate V

Debbie Lander is an Administrative Associate IV for Texas A&M Technology Commercialization (TTC). She holds two Texas A&M University undergraduate degrees; a Bachelor of Business Administration in Finance '87 and a Bachelor of Science in Interdisciplinary Studies '02.

Debbie began her career at Texas A&M University in the Fiscal Department. She worked there for 8 years in which she gained experience with short-term loans, payroll, TAMU Bank Account reconciliations, FAMIS employee training & security, and federal contracts and grants reporting. During the next 7 years, she was an Administrative Assistant for the Texas Engineering Extension Service, Technology & Economic Development division where she worked with Program Directors on contract budgets, operating expenses, and human resources.

In 2002 she left TEEEX to begin a career as an elementary educator. She taught math and science to over 600 students over the course of 19 years. In 2013, 2019, and 2021; she was selected to represent her campus as Teacher of the Year.

On October 1, 2021, Debbie joined the Texas A&M Technology Commercialization (TTC) team. She receives patent and royalty payments to TTC, files backup and updates obligations related to the payments and royalty reports, enters in pertinent information for attorney invoices, orders supplies, pays operating expenses for TTC, assists with collections for past due invoice payments and obligations, assists with generating letters for collections, and helps coordinate the Patent & Innovation Awards Event.

Debbie, a Bryan native, is married to Bill Lander, who works for the TAMUS Facilities & Planning Construction division. They have two beautiful daughters and one wonderful son-in-law. Debbie and her husband enjoy church activities, having fun with their dachshund puppies, watching Aggie sports, and big family lunches every Sunday.
