

## TECHNOLOGY COMMERCIALIZATION

### **Keri Williams-Benedict**

Administrative Associate V

Keri Williams is the administrative associate for Texas A&M Technology Commercialization (TTC). Her duties include the management of invention disclosures for all A&M System members, federal awards with intellectual property reporting through the iEdison database, and tracking of intellectual property development in the Sophia database. In addition, she supports event related activities for the office, and other projects as needed.

Keri has been with Texas A&M Technology Commercialization for 5+ years. She has a strong work ethic and excels at customer service. She recently completed a paralegal course and is now a certified paralegal.

Keri is passionate about life but especially her two sons, Zachary is a Fightin' Texas Aggie 2019 graduate and Michael will graduate in May of 2022. Her hobbies include cooking, arts and crafts, and she is involved in church activities.
